

## An Oracle from the Lord, to His handmaid .....

At the beginning of 2005, I was prompted to seek God increasingly, and from the beginning of 2007, I spent extended times of fasting and prayer.

In the final week of April 2007, as I was praying, I saw a vision. The vision was of a multitude of people just like us who had the same colour of skin, lifting their hands upward asking for help. I did not hear them speak, but their faces indicated as though they were in great need. After this vision, I was heavily burdened to pray, and did continue to do so. Then I saw many dead bodies scattered on the ground. I realized that a devastation was about to come.

The same week, as I was scheduled to preach on Sunday, I prayed and asked the Lord to give me a message. While praying, God revealed to me that a disaster is impending and this would result in the death of many people. Therefore, people should be called into repentance as soon as possible, and I was asked to preach the message of the cross. I was asked not to cry on that day or be sorry, or wait to help, but to cry NOW. I shared this message on the 29<sup>th</sup> of April 2007, in our Church.

This great urgency led me to fast and pray, and on the 2<sup>nd</sup> of May, I once again saw people dead on the sands biting and digging into the soil. Further, I saw from afar, pieces of cloth on the ground. Most of these were white, some blue and some other colours in between. Suddenly, the vision was closer and what I had seen were the dead bodies of many children. May the, the cloth pieces which I saw from afar were the clothes they were wearing. This disturbed me so severely and I began to pray. I could not bear the pain and I began to weep. When I asked the Lord what this is, He revealed to me the following:

- ♦ this will pour upon children and youth on the streets
- ♦ women will shed tears like water and cry unbearably
- ♦ death will enter and attack children and young people
- ♦ dead bodies were scattered like heaps of garbage
- ♦ mothers wept like Rachael wept for her children. No words could console them and those without children are blessed.

I felt like I was standing before a television and watching. I saw a mother carrying the corpse of a dead child around the age of 10 to 12, and crying. The hands of the child were hanging on one end and the legs lifelessly hanging from the knee down. I heard the voice saying *"cry as though you are crying for your only child"*. There are no words to describe the agony of these things I saw. Again I started to pray overwhelmed by great pain, and I was later led to the verses in **Jeremiah 6:10-12, 9:17-22**.

On the 4<sup>th</sup> of May, the Lord spoke to me once again, and told me to strengthen myself and wait upon Him without eating or drinking for three days. I was obedient and waited when God said *"I did not ask you to wait in vain"*. Speaking to me from **Esther 4:14**, He said to me *"don't you know that you came into the Kingdom for such a time as this"*.

I have given below what God told me during these times of prayer:

- ♦ there is a sound of war and of destruction coming from this land
- ♦ there will be destruction over destruction and it will happen suddenly
- ♦ do not go about doing anything on that day, do not be on the streets, the sword of the enemy and fear is everywhere. Destruction will come suddenly.
- ♦ it will fall on people, irrespective of whom they are
- ♦ the houses of people and the resources gathered by them will be destroyed
- ♦
- ♦ people are running all over looking for safety

- ♦ tall buildings crumbled down and huge walls like fortresses crushed down
- ♦ large hills came rolling down and people got buried underneath them
- ♦ the ground split open in quite a dangerous manner

In desperation I asked if the reservoirs that are above will be destroyed along with the falling mountains, to which I had no reply. Then I saw a dark red and black thick substance under the ground getting stirred up as though it wanted to come out. There were large bubbles rising from it. I first did not understand but was told that it is a volcano beneath the surface of the earth. I did not understand this because the volcanoes that I have seen were of a different shape. Then I heard the voice saying to me *"you will be shown a volcano tonight which will be confirmation of what you have seen"*. That night at home, the family was watching the news telecast when I passed by; suddenly it was reported on the news that a volcano had irrupted in Italy. I turned and saw the irruption which was confirmation of what I saw previously.

I was disturbed very much after this, knowing that a great tragedy was coming. Therefore, I continued to pray. I felt a deep pain and started weeping; there was no strength in me to do anything else. The wonderful experience I had during these days was that I felt no hunger or thirst nor did my lips dry up. I had no sense of day or night and I was totally in a different experience. I prayed and said to the Lord, that I do not doubt any of this and I believe, - yet I asked the Lord to confirm this to me once more. The Lord spoke through His Word and confirmed it.

**Isaiah 21: 11-12 - *"An oracle concerning Dumah, someone calls to me from Seir, Watchman what is left of the night"? The Watchman replies, "morning is coming, but also the night. If you would ask then ask; and come back yet again"***. I prayerfully asked the meaning of this verse and the following was told to me.

*"You are living in a silent period, yet it is between two destructions. The second destruction will be greater than the first. People are rebuilding unaware that the second destruction is even greater, and is at hand"*.

Later, I asked what I should do and the answer was as follows:

- ♦ watch during the day and the night. You will see the destruction coming, - then cry out loud
- ♦ the attack will be on people irrespective of whom they are
- ♦ proclaim the message as soon as possible

Then I felt so fearful. I was reminded of the responsibility of the watchman over the blood of those who will be destroyed. When I asked to whom I should tell this I heard the voice saying *"tell my people and my servants"*. I was asked to inform Pastor Colton immediately. Finally, God spoke through **Ezra 10:4** and said **"get up, this matter is in your hands, we will support you so take courage and do it"**.

After 3 days I shared this with my Pastor - Rev Vernon Perera and with Rev Colton Wickramaratne as instructed. On their advice, I spoke to the Chairman of the Assemblies of God of Ceylon on the 10<sup>th</sup> of May. On his advice, I had the opportunity to share this with the Executive Presbytery and the Presbyters. I also shared this with the Principal of the Assemblies of God Bible College. All of them felt that is from God and He has revealed this to us because of His great love, and that we should inform every Christian about this without delay.

Finally, my humble request from you is;

- \* All Christians should be careful of their lives
- \* Preach the Good News to the people in Sri Lanka as soon as possible before the destruction
- \* That people will have the opportunity to repent and enter the Kingdom of God
- \* That we as watchmen of this land pray as mediators for the people of the land
- \* As in **Esther 4:14** ask for the help of the Holy Spirit to usher in a revival of intermediate prayer.

***"If My people called by My name will humble themselves and pray and seek My face and turn from their wicked ways, then will I hear from heaven and heal their land".***
